Sir

RE: THANKING A DONATION OF TOILET STRUCTURES

This is to portray our words of gratitude for a donation from AMANZ' ABANTU services (pty) ltd or IMPILO YABANTU. They constructed five (5) permanent structures of toilets and handed them over to the school, gratis.

They came here for a school water and sanitation project but to their surprise the existing structure was dilapidating. Through their "ubuntu" they consulted us and explained the danger our learners and educators were facing. Acting as good Samaritans they decided to save us by donating these safe, clean, hygienic, well built five toilets.

To crown it all, the toilet seats are suitable to be used by our Grade R learners unlike the previous structure.

We, again thank this project for the sacrifice they have made in order to expose us to a quality life like this.

Yours faithfully
X.P VOKWANA (PRINCIPAL) CONTACT NO. 0735420235
